SPQR SECURITY
FIRE WATCH
SPQR Security Protective Quality Resources LLC

Documented fire watch when systems are down.

Licensed security officers for sprinkler and alarm impairments, hot work, construction phases, and fire-marshal-required watches — with the patrol logs insurers and AHJs typically expect.

PEOPLE | PRESENCE | PROTECTION | A SAFER TOMORROW

CORE CAPABILITIES

Impairment Watch
Staffed coverage when sprinklers, alarms, or fire pumps are impaired for repair, ITM, or cutover until the system is restored and signed off.

Hot Work Watch
Temporary officers for welding, cutting, and other hot-work windows on occupied and construction sites where the GC or safety plan requires a watch.

AHJ / Insurance Logs
Continuous patrol documentation retained and ready to hand over when your fire marshal or insurer asks for the record.

Rapid Stand-Up
Licensed security officers staged for planned impairments or after-hours system failures under SPQR's Florida Class B agency license.

THE SPQR DIFFERENCE

Veteran leadership
Mission-focused presence and accountability on post.

Documented diligence
Written patrol logs, clear handoffs, and impairment close-out.

Client-focused coverage
Coverage continues through restoration and sign-off.

CLIENT ENVIRONMENTS

- Construction & general contractors
- Fire protection & life-safety contractors
- Property restoration & insurance loss
- Hospitality, healthcare & commercial
- Communities, HOAs & property managers

HOW ENGAGEMENT RUNS

01 **Impairment call**
Scope, site, and timing confirmed.

02 **Officers on post**
Licensed security officers assigned and briefed.

03 **Documented logs**
Patrol records kept during the watch.

04 **Sign-off**
Close-out when the system is restored.

IMPAIRMENT CALL → OFFICERS ON POST → DOCUMENTED LOGS → SIGN-OFF
